

Shadan Institute of Medical Sciences, Teaching Hospital & Research Centre.

Himayathsagar Road, Hyderabad.

List of Continuous Medical Education (CME's) conducted in the year 2013 in Shadan Institute of Medical Sciences, Teaching Hospital & Research Centre.

Month & Year	Date of CMEs conducted	CME Conducted in Department	Topics	No. of Departments participated
February 2013	24-02-2013	Orthopedics	1. P.G. Approach to Trauma case. 2. Complications of Fractures.	Orthopedics
				Surgery
				Medicine
				Radiology
	24-02-2013	Pulmonology	1. Immunology for Allergy Immuno Blot specific IgE. 2. Stem cell promises in Pulmonology.	TB & Chest
				Medicine
				Microbiology
				Pathology
April 2013	28-04-2013	Paediatrics	1. Attention Deficit Hyperactive disorders in Children. 2. Learning Disorders in Children.	Paediatrics
				Medicine
				Psychiatry
				OBG
May 2013	11-05-2013	Community Medicine	1. Epidemiology of Tuberculosis globally and locally. 2. Microbiology of TB & Diagnosis recent challenges.	Community Medicine
				TB & Chest
				Microbiology
				Medicine
July 2013	28-07-2013	Pathology	1. Epidemiology, Aetio-Pathogenesis and classification of STTs. 2. Approach to the Diagnosis of soft Tissue Tumours.	Pathology
				Medicine
				Surgery
				Psychiatry
August 2013	17-08-2013	Microbiology	1. Infection control. 2. Lab Diagnosis of Viral infection.	Microbiology
				Medicine
				Biochemistry
				Pathology
	25-08-2013	Radiology	1. Conventional imaging in MSK & GIT. 2. Imaging of Brain Tumours.	Radiology
				Medicine / Psychiatry
				Paediatrics / Surgery
				Obst / Gyn

Shadan Institute of Medical Sciences, Teaching Hospital & Research Centre.

Himayathsagar Road, Hyderabad.

September 2013	22-09-2013	Pharmacology	1. Pharmacology of RAS inhibitors. 2. Stem Cell Therapy.	Pharmacology
				Medicine
				Microbiology
				Biochemistry
	22-09-2013	Ophthalmology	1. Field defects in neurological lesions. 2. Fluorescein angiography & its clinical applications.	Ophthalmology
				Physiology
				Radiology
				Psychiatry
	22-09-2013	Anatomy	1. Physiological aspects of Basal Ganglia. 2. Biochemical aspects of Basal Ganglia.	Anatomy
Physiology				
Biochemistry				
Pathology				
November 2013	17-11-2013	Anaesthesia	1. Physiological changes in neuroaxial blockade. 2. Heart Disease complicating Pregnancy.	Anaesthesia
				Physiology
				Obst / Gyn
				Medicine
December 2013	15-12-2013	Biochemistry	1. Diabetis Markers 2. Haemoglobin & Parphyrias	Biochemistry
				Physiology
				Medicine
	29-12-2013	OBG	1. Premalignant Lesions of Cervix	OBG
				Paediatrics
				Pathology
				Psychiatry
